## Welcome letter

Dear friends, Dear colleagues,

On behalf of the organizing committee, we would like to welcome you to this joint meeting organized under the umbrella of the Lebanese Orthopaedic Association. This four days event includes the 8<sup>th</sup> Meeting of the Pan Arab Spine Society and the Annual Meeting of the Lebanese Orthopaedic Association together with the Meeting of the Levant Orthopaedic Association (Lebanon, Syria, Jordan, Iraq and Palestine). Two full days of activities are separately assigned for each conference. However only one registration will be requested which allows you to participate in both meetings with the opportunity to earn for CME credits.

We believe this event will attract a considerable number of surgeons who are interested in the fields of Spine surgery, Orthopaedics and Trauma. Eminent International and Arab figures working in these domains are expected. They will share with us their knowledge and expertise. A number of workshops and practical sessions on the latest surgical techniques are being organized. Social events are also being arranged.

Lebanon is a country where History embraces Geography. It is a charming land, a country of hospitality and festivity where the Mediterranean touches the feet of our blessed mountains. October is a very pleasant time to enjoy the mystery of the many interesting natural and archaeological sites.

We look forward to welcoming you, renewing old friendships and having the opportunity to share this occasion with new colleagues.

Yours,

**Ali Chamseddine, MD, FACS**
